

NYS Division of Housing and Community Renewal  
and NYS Housing Trust Fund Corporation

present:

ONE-DAY  
LEAD-SAFE WORK PRACTICES  
TRAINING

This course will cover how to identify the existence of lead based paint; how lead based paint affects the body; the dangers it presents to people, especially children and pregnant women; where lead-based paint is most often located and how to use safe work practices to handle lead-based paint hazards.

This course is designed for contractors, persons working with families living in homes built prior to 1978, family members living in homes built prior to 1978 and persons doing renovations or remodeling their homes.

*Note: Completion of this course will be a minimum requirement for all contractors working on projects/programs funded by the HUD HOME Program. For EPA RRP Certification, an additional 4-hour RRP Refresher course is needed.*
